THOMSON LICENSING S.A.

1. The applicant is hereby notified that this International Preliminary Examining Authority transmits herewith the international preliminary examination report and its annexes, if any, established on the international application.
2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.
3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.
4. **REMINDER**

The applicant must enter the national phase before each elected Office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices)(Article 39(1))(see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary examination report. It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details on the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant's Guide.

2. CITATIONS AND EXPLANATIONS

Claims 1, 7, and 14 meet the criteria set out in PCT Article 33(2)-(4), because the prior art does not teach or fairly suggest a method for managing a session key used for enabling communications between a mobile terminal and an access point in a wireless local area network ("WLAN"), comprising the steps of:
receiving a request for access to the WLAN from the mobile terminal; determining a virtual operator associated with the access request;
establishing a first secure channel between the access point and the virtual operator;
requesting user authentication from the virtual operator via the first secure channel, wherein the virtual operator communicates with the mobile terminal via a second secure channel to authenticate the mobile terminal;
selecting a session key and sending the session key to the virtual operator via the first secure channel, wherein the virtual operator sends the session key to the mobile terminal via the second secure channel;
and communicating with the mobile terminal using the session key.
Claims 2-6 depend on claim 1.
Claims 8-13 depend on claim 7.
